

- Lightweight, cost-effective enclosure, made of copper-free aluminium
- Suitable for operation in Zones 1, 2, 21 and 22
- Ex d and Ex tb certified
- Gas group IIB + H2
- Degree of protection IP65 or IP66
- Retrofittable hinges
- Customer-specific configuration of the operating elements, of the number of cable glands and of the cable gland types

E3

MY R. STAHL 8250C

The 8250 enclosure series forms the ideal basis for designing application-specific configurations of motor control units, control stations, terminal boxes, controls and distribution panels. The enclosure enables the installation of electric components and operating elements according to customer specification. Flameproof cable glands with the Ex d type of protection or threaded holes for conduit connection can be used for direct cable entry into the enclosures.

Mechanical Data

Degree of protection (IP) (IEC 60529)	IP66 (with O-ring) IP65 (without O-ring)
Enclosure material	Cast aluminium alloy BS 1490 aluminium LM6
Cover material	EN - AW6082
Cover	Flat panel
Cover fixing type	With standard screw, According to the order
Enclosure colour	Light grey (RAL 7035)
Enclosure colour note	Other colours on request
Built-in components	without
Left openings (180°)	According to the order
Top openings (90°)	According to the order
Right openings (0°)	According to the order
Bottom openings (270°)	According to the order
